Starting April 6, Tennessee’s six PBS stations— WNPT Nashville, East Tennessee PBS, WCTE Upper Cumberland, WKNO Memphis, West TN PBS, and Chattanooga WTCI— will deliver two hours of programming with high-quality instructional content from 10 a.m. to 12 p.m. CST. Four hours of content will also be streamed overnight, which viewers can watch live or record.

The content will be developed and provided by Tennessee educators in partnership with the Tennessee Department of Education and meets a critical need to ensure all students have access to high-quality learning opportunities, regardless if their home has internet connectivity or capable devices.
